

Certified Device List for Mobile Banking - Tablets

A device will be included in the Certified Device List if it meets all of the following criteria:

Apple

All Apple iPad devices are included in the list.

Android

- The device has a minimum screen size of 7" diagonal. Devices with screen sizes below 7" are supported by the phone channel.
- The device can support Android 4.4 (Android API level 19) or above. If the device is shipped with an OS version below 4.4, but the manufacturer provides an update to this version or later, then only upgraded devices are supported.
- The device supports either Google Play or the Amazon Appstore.
- The device is deemed to have sufficient market penetration based on reputed industry sources (0.5% market share is the cut-off value).
- The device is deemed to be strategically important.
- A device may be excluded from testing if it is sufficiently similar to another device from the same manufacturer (and thus is covered by the testing of the other device).

Operating System	Minimum OS Version Support	Maximum OS Version Support	Hardware Requirements	Browser Support	Application Support
Android	Android version 4.4 (Kitkat) NOTE: Will be deprecated by January 1, 2018	All later major version updates are supported, for example: 5.0, 6.0, 7.0, 8.0	Remote Deposit Capture support requires a rear-facing camera of at least two mega-pixels in resolution.	Only the default installed browser is supported. For the majority of devices this is the Android Browser. For devices where Chrome is the default browser, this will be supported. Beta versions of browsers, such as Chrome Beta, are not supported.	Touch Browser Android Tablet Application
iOS	iOS version 8.0 NOTE: Will be deprecated by October 1, 2017	All later major version updates are supported; for example 9.0, 10.0 Beta releases of iOS will not be supported until they are publicly released	Remote Deposit Capture support requires a camera of at least two mega-pixels in resolution.	Only the default installed browser (Safari) is supported	Touch Browser iPad Application

Note: The Mobile Banking product can operate on any unrestricted TCP/IP data network. Operation on restricted networks (e.g., where a firewall might be in place) is not guaranteed.
